

## **Crystal City Northern Gateway Clean Up April 25, 2009**

The Crystal City Business Improvement District partnered with Canon and Chapel Valley for the second annual Crystal City Northern Gateway Clean Up. Early in the morning on Saturday, a team of volunteers descended on Clark Street, and Old Jefferson Davis Hwy to pick up garbage and clear away brush. The area is an important gateway into Crystal City, and will serve as part of the course for the upcoming 3<sup>rd</sup> Annual USAF Cycling Classic.

At the end of the day, the team had removed 50 bags of trash, 25 bags of recycling, numerous miscellaneous items like chairs, and hazardous waste from the area. The 2<sup>nd</sup> Annual Clean Up was part of the BID's Green Scene, which encourages everyone to Get Fit, Get Healthy and Get Green, and shows the BID's commitment to keeping all of Crystal City clean and green.
