

Floral Frenzy—Bulb Blitz

The second iteration of the Crystal City Floral Frenzy program, “Bulb Blitz”, was a huge success along the 2100/2200 block of Crystal Drive on Friday, May 7, 2010. In less than one hour, approximately 1,000 tulip bulbs and miscellaneous other flowers were taken to a good home to be planted at the opportune time. More than 100 residents, workers, and even children came out on a beautiful Friday morning to take advantage of this great deal on gorgeous yellow tulips.

All of the plants given away at the event were provided by Vornado/Charles E. Smith. This is the second of three events scheduled throughout the year for the Floral Frenzy program. The next frenzy is scheduled for early October 2010 and will be a “geranium grab”.
