

MOVING RIGHT ALONG

Starting May 1st, JBG SMITH will start the renovation of 1550 Crystal Drive to make way for an improved lobby and entry experience, as well as new street-facing retail. As a result, the 1550 Crystal Drive main lobby entrance on Crystal Drive will be closed. For your safety, the pedestrian access along the west side of Crystal Drive between 18th Street and 15th Street will be closed. Here's what to expect in the next few weeks:

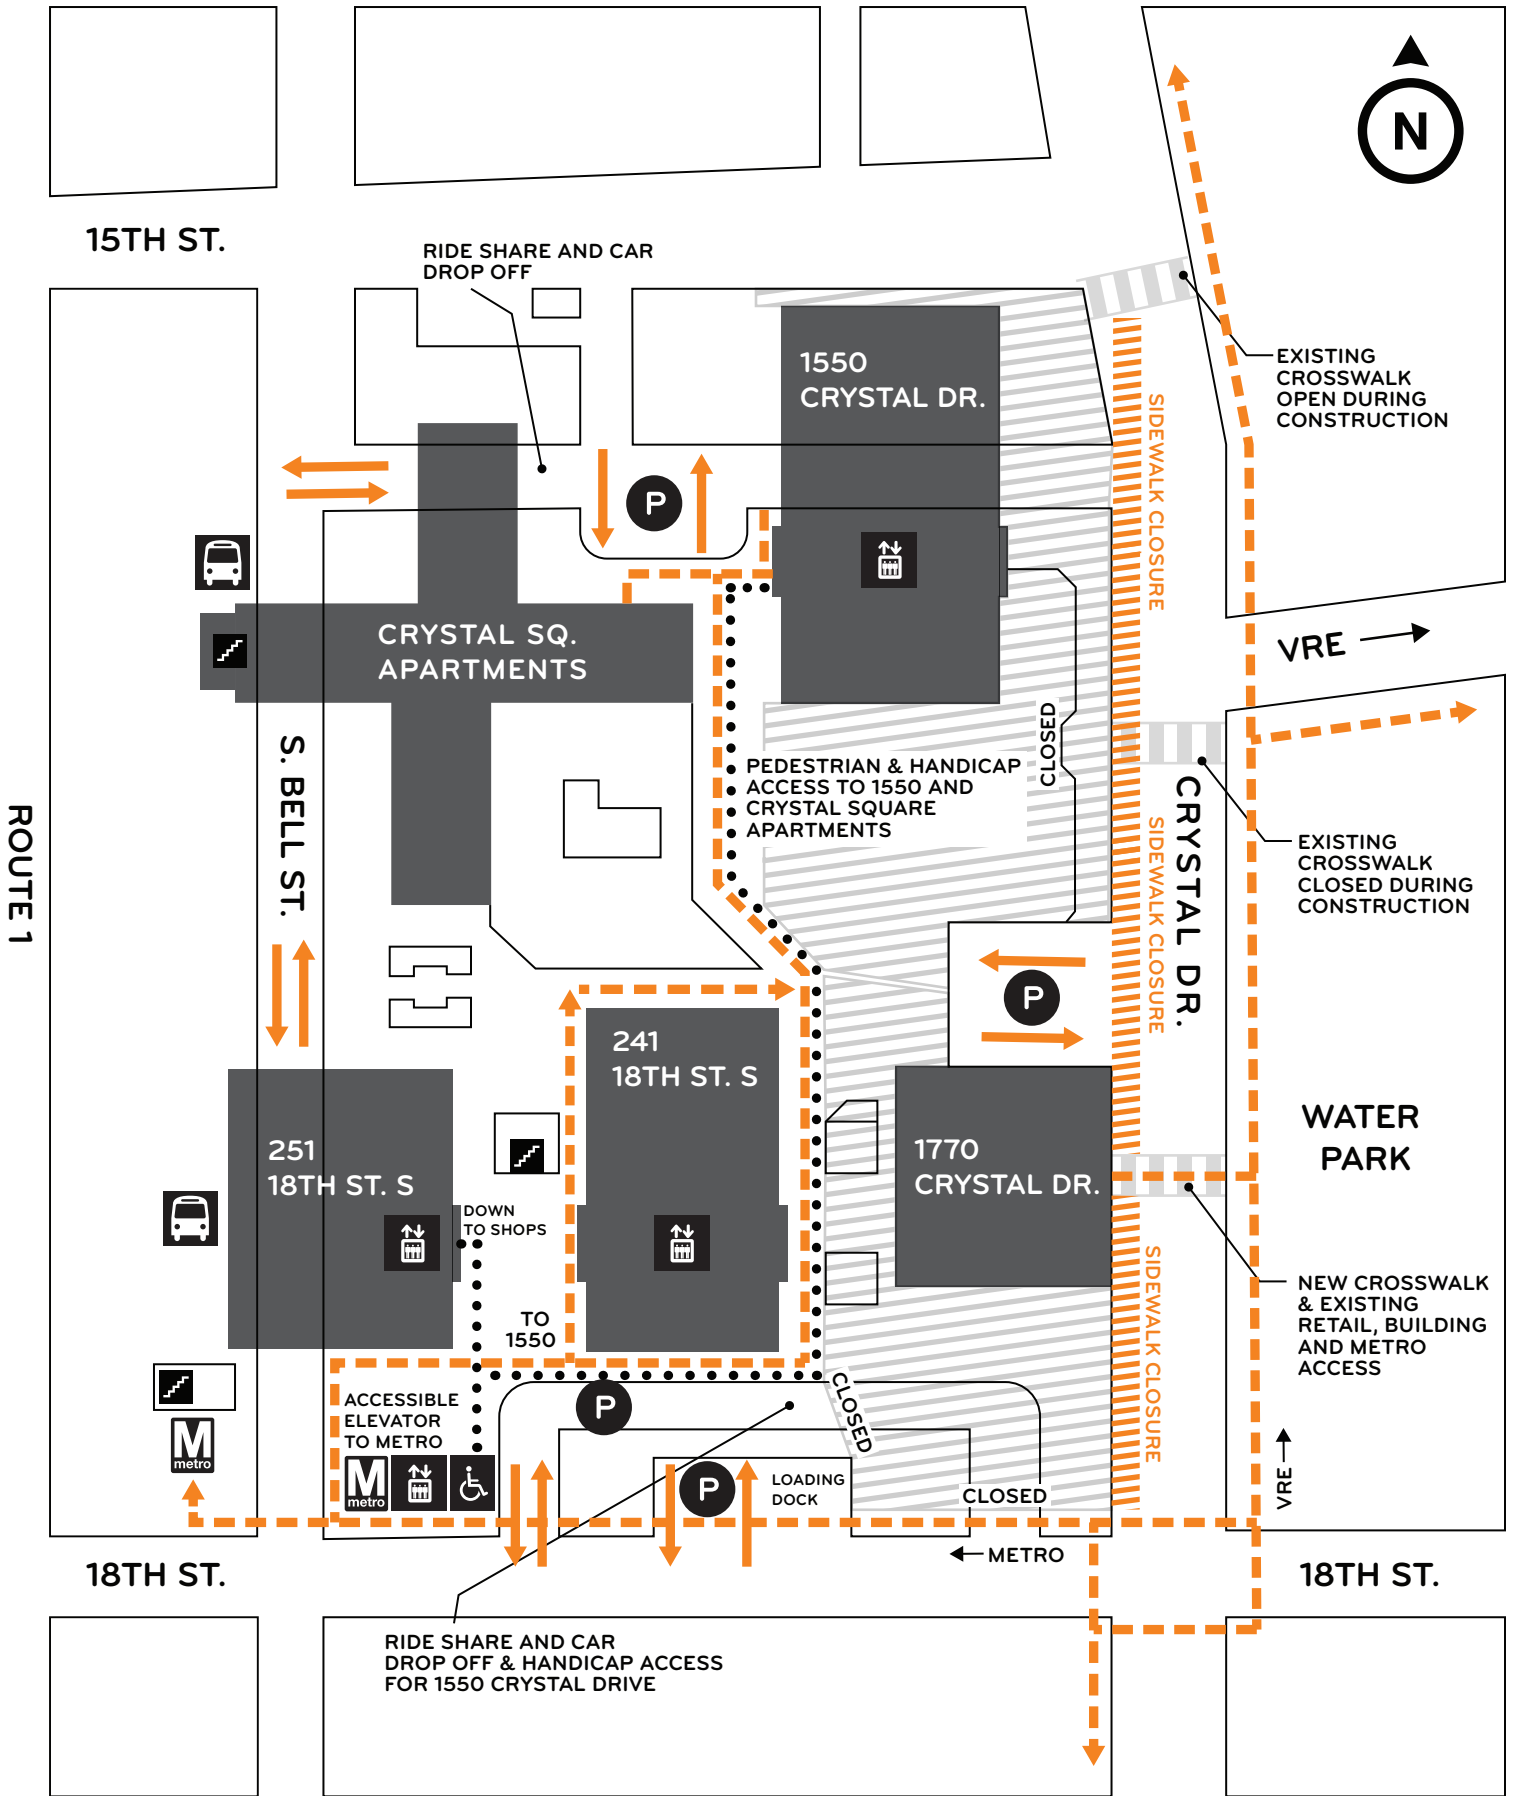

- Pedestrian access to retail, 241 18th Street, 251 18th Street, 1550 Crystal Drive, and Crystal Square Apartments will remain open on Crystal Drive through 1770 Crystal Drive.
- Ride share and car drop off for 1550 Crystal Drive can be accessed from the driveway in front of the Crystal Square Apartments, 1515 Jefferson Davis Highway, where a walking path will take you to the rear entry of the 1550 Crystal Drive lobby.
- Ride share or car drop off can also be accessed from the loop road surface lot off 18th Street at the plaza level between 241 18th Street and 1770 Crystal Drive. There will be designated drop off parking spaces and a walking path that will take you to 1550 Crystal Drive.
- Handicap access for 1550 Crystal Drive Lobby will be available at 241 18th Street.
- Retail and metro access will remain open during construction.
- The Crystal Drive and 18th Street parking entrances will remain open.

Thank you for your patience as we work to improve our neighborhood. We'll continue to communicate as construction progresses. Please contact the JBG SMITH Property Management Team at 703.413.4380 with any questions.
